Where can I find the custom voice scripts and model files?

The default path is: C:\Users\Public\Documents\Reallusion\Template\

- Model data is located under Custom\CrazyTalk 8 Custom\Actor\01_Model

- Script data is located under Custom\CrazyTalk 8 Custom\Voice Script

Inside the Content Manager, you may also right-click on your selected item, and then click [Find File] to open the folder.
