

Will the current iClone 6 plug-ins and services, be compatible with iClone 7?

The current iClone 6's plug-ins and services will be compatible with iClone 7 (official launch version). You will simply need to update some of them.

Below is the list:

- Character Creator 2
- 3DXchange 7
- CrazyTalk Pipeline 8
- popVideo 3
- Perception Neuron Mocap Plug-in
- Kinect Mocap Plug-in for Xbox One
- Avatar Toolkit Plug-in
- Substance Designer 5
- Indigo Render Plug-in (limited to iClone 6 features)
