Faceware Realtime for iClone supports a wide variety of consumer cameras.

Not supported camera list: -

- Faceware Realtime for iClone does not currently support FLIR Machine Vision Cameras.

- The Apple Facetime camera in a Windows (Bootcamp) environment is not fully supported.

If your camera is not working properly, and you have adjusted camera settings, and updated your drivers, please contact Reallusion Support and include the Name and Model Number of your camera in your support ticket.
