

## How to access the Curve Editor plug-in interface?

There are four ways to access the Curve Editor interface: -

- 1) Perform Menu > Plug-in > Curve Editor > Edit Curve
- 2) Right click on the Timeline's Clip or Transform Key and perform Curve Editor > Edit Curve.
- 3) Right click on the selected object in the viewport and perform Curve Editor > Edit Curve.
- 4) Use the hot keys (Ctrl+0) to immediately open the Curve Editor interface.
