

## How to remove Character Creator & iClone Auto Setup on Unity? (v3.1)

1. Delete CC\_and\_IC\_Auto\_Setup\_for\_LWRP.dll, CC\_and\_IC\_Auto\_Setup\_for\_3D.dll or CC\_and\_IC\_Auto\_Setup\_for\_HDRP.dll in the Editor folder. For example, C:\Users\[User\_Name]\Documents\New Unity Projects\[Project\_Name]\Plugins\Auto Setup 1.0.

2. Delete the CC\_Resource folder. For example, C:\Users\[User\_Name]\Documents\New Unity Projects\Assets\CC\_Resource.

## How to remove Character Creator & iClone Auto Setup on Unity? (v3.1)

\*Removal of Auto Setup will delete all textures on all Character Creator / iClone characters. Please reconfigure your material settings after updating Auto Setup.
