

Why am I not qualified to get the free iClone Unreal Live Link Plug-in for indies?

The iClone Unreal Live Link Plug-in is a tool that requires the full version installation of iClone 7 and 3DXchange 7 Pipeline. You will need to have installed both of these tools to qualify for this free plug-in.

1. If you own 3DXchange 7 PRO and you want to upgrade to Pipeline edition, then please [contact support](#) for further assistance.

2. If you own iClone 7, and you wish to purchase 3DXchange 7 Pipeline, then please go to our store via the below link and log into your member account to get a member discount.
