Will there be any issues if I use GoZ > Relink in Character Creator after using ZBrush Pose Link > Send Current Pose?

To utilize CC **GoZ** > **Relink** after employing **ZBrush Pose Link** > **Send Current Pose**, follow these steps:

1) Switch the ZBrush character to the most recent pose received from CC.

2) Activate CC **GoZ** > **Relink** to update the ZBrush tool.

To utilize CC **GoZ** > **Relink** after employing **ZBrush Pose Link** > **Send T/A Pose**, follow these steps:

1) Switch the ZBrush character to the A-pose.

2) Activate CC **GoZ** > **Relink** to update the ZBrush tool.
