

Will there be any issues if I use GoZ > Relink in Character Creator after using ZBrush Pose Link > Send Current Pose?

To utilize CC **GoZ > Relink** after employing **ZBrush Pose Link > Send Current Pose**, follow these steps:

- 1) Switch the ZBrush character to the most recent pose received from CC.
- 2) Activate CC **GoZ > Relink** to update the ZBrush tool.

To utilize CC **GoZ > Relink** after employing **ZBrush Pose Link > Send T/A Pose**, follow these steps:

- 1) Switch the ZBrush character to the A-pose.
- 2) Activate CC **GoZ > Relink** to update the ZBrush tool.
